Service Users Medication Record

Record Reference No.	
Service Users Name	
Service Users Address	
Date of Birth	
Emergency Contact Details	

This record is for medication administered by the Home Carer, and not for prompted medication assistance. Prompted medication should not take place unless the medication is in a predefined storage mechanism, such as a blister pack or similar packaging. All administered medication must be recorded below and must only be of the medication listed in the following table. Only carers trained in administration of medication are permitted to carry this out. Only medication prescribed by a doctor can be administered by Home Carers. NO over the counter medication can be administered by Home Carers
